REAL ESTATE NEGOTIATION EXPERT-RENE

Class Cost: $300.00 pre-paid  $315.00 walk-in (includes materials)
This class will count for 14 hours of real estate continuing education
Class Dates:

August 16 & 17, 2018  9:00am-5:00pm (NOCBOR 4400 W. WALTON BLVD., WATERFORD)

This new 2-day Course is an interactive experience to help negotiators elevate their game! The course examines all types of negotiation formats and methods so that today’s negotiators can play the game to win. A full spectrum of tips, tools, techniques and advantages will be provided so that negotiators can provide effective results for their client.

The second day of the course focuses on real-world field scenarios to help negotiators apply the power tools, techniques and tactics learned on the first day. Understanding the tactics and techniques is one thing, but learning how to recognize them being done and using them effectively requires practice. These field scenarios provide the foundational experience and practice negotiators need to master so they can effectively advocate for their clients.

Real Estate Investing: Building Wealth representing investors and becoming one yourself
This REBAC elective course covers the fundamentals of real estate investment that practitioners need to know to expand their business services. Learn to adapt core real estate skills and learn new skills to serve clients who want to invest in single family homes, condos, townhomes, and small multifamily properties. You will learn to goal set, plan, evaluate, and acquire properties as well as manage them.

Military Relocation
The goal of this course is to educate the real estate professional about working with current and former service members to find the housing solutions that best suit their needs as sellers or buyers and take full advantage of military benefits and support. You will learn how to provide real estate services at any stage in the service member’s military career that meet the needs of this niche market

Pricing Strategies: Mastering the CMA
This course will provide students with the ability to select appropriate comparables and make accurate adjustments to them, for use in developing home price opinions. This course will also guide sellers and buyers through the details of CMA’S and the pricing principles to prepare them. This course will also teach licensees how to interact effectively with appraisers

Green Day 1
The Resource-efficient Home: Remodels, Retrofits, Renovations, and New Home Construction covers the distinguishing characteristics that make a home resource thrifty. The course looks at why consumer demand for these homes is increasing and how both the homes and consumer expectations impact the market. The course prepares real estate professionals to provide advice and sources of information to help homeowners improve the resource efficiency of their homes from low-cost fixes and DIY projects to retrofitting and replacing systems to big-budget remodeling projects.

Green Day 2
Representing Buyers and Sellers of Resource-Efficient Homes, the second course in the designation program sequence, focuses on applying the knowledge of resource-efficient. Smart, and certified homes gained in the preceding course and adapting core real estate skills to build business success in the niche market for resource-efficient homes.
New Home Construction and Buyer Representation

The goal of this course is to help real estate professionals gain the product and transaction knowledge needed in order to guide buyer-clients through the steps and processes for purchase, construction, and customization of a new home. Students will learn how to interact with new home builders and sales representatives to protect their clients’ interests while developing productive business relationships. This course counts for Real Estate and Appraisal Con-Ed.
